ABOUT US

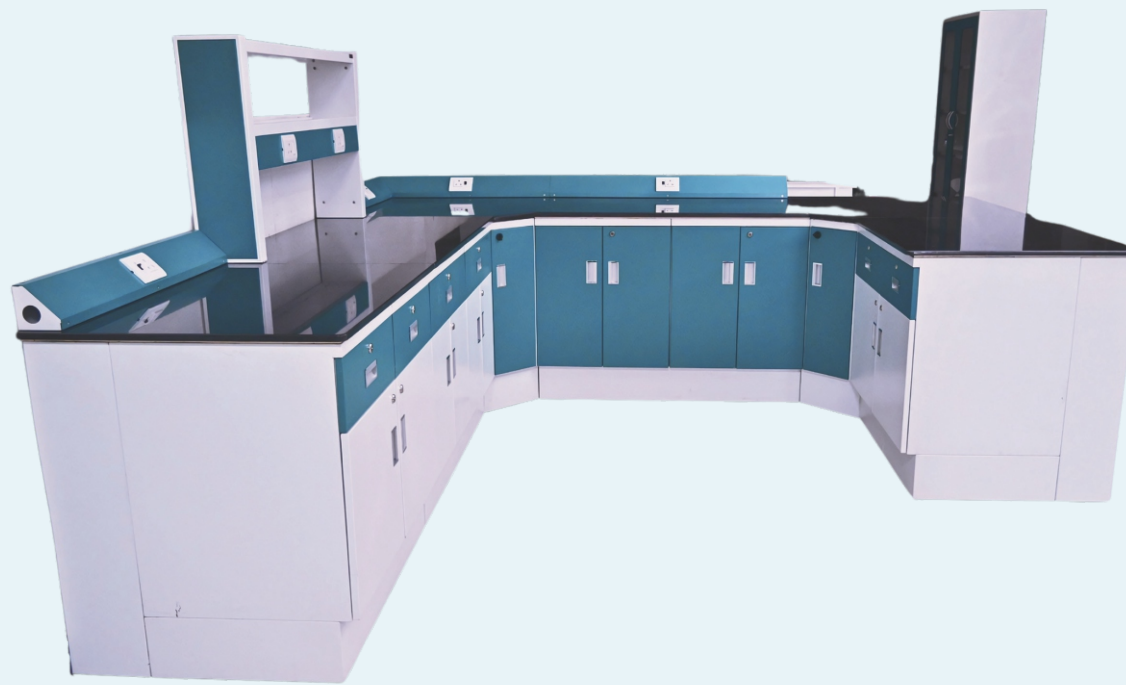

VARPAR, established in 1983, is a manufacturer of high-quality steel and board furniture backed by an accomplished product development team. Our three units are based out of North India and are equipped with top-of-the-line infrastructure and high-tech automated machines to meet our customers' requirements. VARPAR is led by Mr. R.K. Ghai, who holds a master's degree from I.I.T. and possesses rich experience of more than 40 years in the field.

We provide laboratory furniture solutions across Pharmaceutical companies, Research Labs, Education Institutions, Hospitals & pathology facilities.

OUR STRENGTHS

-  88,600 sq. ft. across three locations: Nalagarh, Panchkula & Barwala
-  Over 125 Direct employees
-  Automated Japanese CNC machines
-  In-house R&D Center for new product development
-  In-house casts for all key components & accessories
-  Global project commissioning capability
-  Industry experts perform the installation
-  4000+ projects completed

OUR SALIENT FEATURES :

-  Seamless drawer: One-piece drawer body with rounded bottom for easy cleaning
-  Adjustable Shelf: Height adjustable shelf for maximum storage
-  Full extension slides in all drawers.
-  Flush corner construction for a smooth, seamless cabinet face.
-  Rubber door dampers for seamless closing.
-  Multiple options of doors and drawer pulls.
-  Base cabinets sizes available in length of 300 mm, 450mm, 600 mm, 750 mm, 900 mm, and 1000mm.
-  Powder coating thickness 70-80 microns.

FLOOR-MOUNTED LAB TABLE

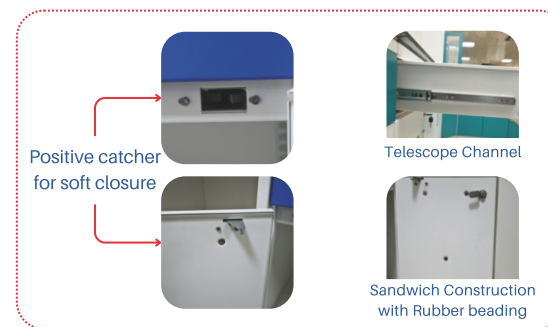

ISLAND TABLES

ISLAND TABLE WITH KNUCKLE HINGES

FLOOR-MOUNTED LAB TABLE WITH KNUCKLE HINGES & POSITIVE CATCHER

-  **Design:** Floor-mounted welded construction with sandwich doors and drawers. Customizable for the user's need and application.
-  **MOC:** GPSP / CRCA sheet.
-  **Hardware:** Stainless Steel Knuckle Hinges with positive catcher, each door load bearing capacity 80 kg. Heavy-duty steel hardware and accessories with multiple handle options.
-  **Working Top:** Jet Black polished Granite, Phenolic Bonded Top.
-  **Application:** Pharmaceuticals, Chemical, Petroleum, Food Industries.

C FRAME LAB TABLE WITH HYDRAULIC HINGES

C - FRAME LAB TABLE

C FRAME LAB TABLE WITH KNUCKLE HINGES

- 
Design: Floating Detachment sandwich construction mounted on a 60 mm x 30 mm heavy-duty cantilever frame entirely customizable for the user's need and application.
- 
MOC: MS pipe, GPSP / CRCA sheet.
- 
Hardware: Stainless Steel hydraulic Hinges with heavy-duty steel hardware and accessories with multiple handle options.
- 
Working Top: Jet Black polished Granite, Phenolic Bonded Top
- 
Application: Pharmaceutical, Chemical, Petroleum, Food Industries. Quality Control departments and Pathology departments with testing facilities. Research centre with heavy-duty instruments and machines with 24 x7 working

LAB TABLE WITH MOVABLE STORAGE CABINETS

- 
Design: Steel frame and storage cabinet are independent. Table is mounted on steel frame legs, storage cabinets with plinth and castors wheels as per client's requirement. Cabinets are not attached to the frame.
- 
MOC: MS pipe, GPSP / CRCA sheet.
- 
Hardware: Stainless Steel knuckle / SS Hydraulic Hinges with heavy-duty steel hardware and accessories with multiple handle options.
- 
Working Top: Jet Black polished Granite, Phenolic Bonded Top.
- 
Application: Pharmaceutical, Chemical, Petroleum, Food Industries. Quality Control departments and Pathology departments with testing facilities. Research center with heavy duty instruments and machines with 24 x7 working.

-  **Design:** Floor-mounted welded construction with sandwich doors and drawers. Customizable for the user's need and application.
-  **MOC:** Stainless Steel Sheet.
-  **Hardware:** Stainless Steel Hydraulic Hinges with heavy-duty steel hardware and accessories with multiple handle options.
-  **Working Top:** Stainless steel top, Jet Black polished Granite Top.
-  **Application:** Pharmaceutical, Chemical, Petroleum, Food Industries. Quality Control departments Pathology department with testing facilities.

STAINLESS STEEL LAB TABLE

BENCH TYPE

Laboratory fume hood is a 5-sided enclosure designed to contain exhaust fumes and odors generated during lab procedures. Access to the interior is via a movable transparent panel called a Sash Baffles are the moveable partitions used to create slotted opening along the back of the hood . These slots and baffles direct the air that is being exhausted out of the hood. During operation , exhaust fumes are directed through the interior by a system of baffles strategically positioned in front of a common plenum area. The fumes enter the plenum area through these slots, travel the plenum and into the exhaust duct to the outside atmosphere.

Front opening is framed with angle fascia (AIRFOIL) that reduces the turbulence of the air entering the hood. The bottom airfoil direct a current of air at counter top level to purge heat fumes or spillage.

Design & Type of fume hood:

- Bench Type Fume hood
- Low Bench Type Fume Hood
- Walk-in Fume Hood
- Overall size (L) 1200 mm /1500 mm /1800 mm and 2400 mm
- Service controls and instructions within easy reach and sight

 **MOC:** Outer wall is chemically resistant powder coated sheet (CRCA, GPSP) Interior wall is phenolic resin for general use unless otherwise specified.

 **Hardware:** Heavy-duty nylon hinges with steel hardware and accessories with multiple handle options.

 **Working Top:** Jet Black polished Granite, Phenolic Resin Bonded Top

 **Application:** Quality Control Departments, Pathology departments, Research Centers and Educational Institutes, Chemical and Petroleum Industries

LABORATORY TABLES FOR EDUCATIONAL INSTITUTES

WET LAB TABLE WITH SINGLE / DOUBLE SINK: FOR CHEMISTRY AND BIOLOGY LABS

-  **Design:** Standard modular tables without drawers are available in a fixed size of 2400mm/1800mm length, 1200mm width, and 875mm height. for the user's need and application.
-  **MOC:** MS pipe, CRCA sheet.
-  **Hardware:** Powder coated pin hinges with heavy duty hardware and accessories with multiple handle options.
-  **Working Top:** Jet Black polished Granite, MDF.
-  **Application:** Middle and higher educational institutions.
